# Hospital Administration

*HOSPITAL ADMINISTRATION* is a quarterly journal of the American College of Hospital Administrators, the professional society of men and women engaged in hospital administration. The purpose of this journal is to keep the hospital administrator abreast and informed of new developments and thinking in the broad field of management that have implications for hospital administration.

*HOSPITAL ADMINISTRATION* invites the submission of manuscripts that carry out the above purpose. Such manuscripts may be concerned with any of the numerous facets of administration; such as, organization, planning, evaluation, communication, public relations, and any aspect of human relations. Priority on publication will be determined by the extent to which manuscripts embrace original concepts and constitute an addition to the existing literature. They need not be directly concerned with hospitals, but must have application to the hospital situation. Emphasis is given to the scholarly and professional rather than to the descriptive and operational type of material.

---

*HOSPITAL ADMINISTRATION:* RICHARD J. STULL, *executive editor*
ELWOOD W. CAMP, *assistant to the executive editor*
LYNN C. WIMMER, *editor*
*1965–68 INDEX COMPILATION:* SANDEE KALAFUT, *circulation manager*

*Subscriptions:* Domestic and foreign, $5.00 a year; single copies, $1.50. Published quarterly. Make checks payable to the American College of Hospital Administrators. Subscribers are requested to notify the American College of Hospital Administrators and their local postmaster immediately of change of address.
